

## Institut des Amériques

The Institut des Amériques (IdA) is research consortium (GIS, groupement d'intérêt scientifique) which federates French research on the American continent, in the fields of the humanities and the social sciences. Its networked structure allows the IdA to associate professors, researchers, professionals of scientific information, non-academic partners from economic, political and media fields.

IdA valorizes various scientific approaches from a comparatist, transamerican and transdisciplinary standpoint, thus contributing to the emergence of new problematics and to the affirmation of French excellence in research and higher education.

El Instituto de las Américas es una Agrupación de Interés Científico (Groupement d'intérêt scientifique o GIS por su sigla en francés) que federa los estudios franceses sobre el continente americano en ciencias humanas y sociales. Su organización como red le permite asociar profesores, investigadores y expertos de la información científica, socios no académicos de los círculos económicos, políticos y de medios de comunicación.

El Instituto promueve diferentes enfoques científicos en una perspectiva comparatista, transamericana y transdisciplinaria, contribuyendo así a la emergencia de nuevas problemáticas y a la afirmación de la excelencia francesa en la investigación y de los estudios superiores.
