

European Coalition for Corporate Justice (ECCJ)

With 21 member groups who represent over 250 organisations from 15 countries, the European Coalition for Corporate Justice (ECCJ) is the only European coalition bringing together European campaigns and national platforms of NGOs, trade unions, consumer organisations and academics to promote corporate accountability. We seek to tackle some of the root causes of corporate injustice by improving European laws governing business activities and by increasing access to justice for victims of human rights abuses.
