

European Savings Banks Group

WSBI brings together savings and retail banks from about 80 countries, representing the interests of approximately 6,000 banks in all continents. As a global organisation, WSBI focuses on issues of global importance affecting the banking industry. It supports the aims of the G20 in achieving sustainable, inclusive and balanced growth and job creation around the world, whether in industrialised or less developed countries. WSBI favours an inclusive form of globalisation that is just and fair, supporting international efforts to advance financial access and financial usage for everyone. It supports a diversified range of financial services that responsibly meet customers' transaction, saving and borrowing needs. To these ends, WSBI recognises that there are always lessons to be learned from savings and retail banks from different environments and economic circumstances. It therefore fosters the exchange of experience and best practices among its members and supports their advancement as sound, well-governed and inclusive financial institutions.
