

Instituto Cultural de México - Francia

The Cultural Institute of Mexico opened its doors in 1979 as a cultural promoter. As a showcase for Mexican culture in France, the Institute reflects the dynamism of this great North American country. Located in the heart of Paris' Marais district, the Cultural Institute of Mexico regularly offers exhibitions and events that seek to honor pre-Hispanic civilizations and arts, popular art, but also contemporary Mexican creation: from photography to design, including architecture, sculpture, cinema, literature, and of course, without leaving out the performing arts.
