

National Association of Research and Technology (ANRT)

The ANRT is the inter-sectoral public-private network for French research that contributes to France's competitiveness through its commitment to : (1) Helping companies in all sectors gain access to research and innovation; (2) Representing, alongside other players, Research and Innovation to public authorities; (3) Building a collective intelligence beneficial to each of its members; (4) Fostering partnerships; (5) Deploying the Cifre program, the objective of which is to promote the development of public-private partnership research and to place doctoral students in employment conditions.
