

42 THE NETWORK

42 is the first tuition-free computer training, open to all, regardless of diploma, age 18+. Its education is based on peer-to-peer learning: participatory, no classes, no professors, all this lets the students fully express their creativity thanks to learning based on project completion. 42 was founded in 2013 when the computer industry was hit by a major shortage of developers. To train in numbers the best talents of tomorrow, regardless of their origin, 42 is deploying internationally and, within its 42 Network, is part of a group of partner campuses (Abu Dhabi, Armenia, Australia, Belgium, Brazil, Canada, Finland, France, Germany, Italy, Japan, Jordan, Malaysia, Morocco, Netherlands, Portugal, Russia, South Korea, Spain, Switzerland, Thailand, USA).
