I EU-LAC Essay Contest on the Bi-Regional Partnership

2020

Information to applicants

1. Introduction

The partnership between the European Union, Latin America and the Caribbean is based on close historical and cultural ties and shared values and aspirations, such as a commitment to democracy, human rights, the rule of law, the search of sustainable development for a prosperous, inclusive society committed to respecting for the environment and the fighting against climate change. Over the years, the two regions have progressively built a relationship based on mutual respect and open dialogue. As a result, a bi-regional strategic partnership was established in 1999, providing a consensual and dynamic framework for political dialogue and cooperation in specific areas of mutual interest.

Consequently, by decision of the Heads of State and Government in 2010, the EU-LAC Foundation was established and since 2011 has been operating in the city of Hamburg, as an instrument to promote this bi-regional partnership. Composed of 61 countries from the European Union, Latin America and the Caribbean, plus the European Union itself, for a total of 62 members, the Foundation became an International Organization in May 2019, with the entry into force of its constitutive agreement.

In this sense, the Foundation has two fundamental purposes:

- a. To contribute to the strengthening of the bi-regional partnership process between the European Union, Latin America and the Caribbean, involving the participation and inputs from civil society and other social actors.
- b. To promote mutual knowledge, and improving the mutual visibility of the bi-regional partnership.

In response to this mandate, and also recognizing the potential of the bi-regional dialogue between the European Union, Latin America and the Caribbean, the EU-LAC Foundation presents the following call for the **First EU-LAC Essay Competition on global and/or sectorial issues concerning the bi-regional partnership**. The awarding of prizes to the essays is provided, in particular, with the support of a grant from the European Union and the German Ministry of Foreign Affairs.
